**DATE REVISED: June 24, 2024**

The district administrator will assume primary responsibility for developing educational specifications for new facilities, remodeling or adding on to existing buildings. Building administrator(s) will assist the district administrator in developing such specifications. Generally, the content of a set of educational specifications would include:

- A statement of the educational philosophy of the district as it pertains to the specific construction project.
- Community and school characteristics.
- Site characteristics.
- Requirements of the physical space.
- Accommodations for the disabled.
- Energy-efficient construction and equipment.
- Additional information or comments which are necessary to further translate the educational program into an efficient school building.

Medford Area Public School District Board of Education (BOE) shall authorize the district administrator to recommend such architectural and related professional services as are needed to interpret educational specifications as developed by the administrative staff. The educational specifications and interpretation are subject to BOE approval.
